35-24-34-26=Lots Of Years

If anyone at YHS has really done it all, it has to be Warren Conrad, who is retiring after 34 years as a teacher, assistant principal, sports announcer, and for the last 12 years the director of the counseling staff. He has taught English, speech, civics, free enterprise, and drama and was the student council advisor. He says that working with kids was the greatest thing that ever happened to him.

Bob Walters has been with the Yuma High School District for 24 years. This year he is retiring to go back to school in San Diego to get his A&P licence. In two years, he plans to return to open his own shop. He has enjoyed his years at YHS, but feels that with his family grown, it is time for a change. Walters has been a teacher, Athletic Director, and administrative assistant in charge of student discipline and security.

For 26 years, Clifford Bryan has taught and coached at Yuma High. In the past he has coached football, baseball, basketball, and cross country. As a teacher he has taught physiology and physical education. After leaving YHS, he plans to pursue his favorite pasttimes: golfing, hiking, and traveling. He says that he has enjoyed his years at YHS and watching two generations of students grow.

Bob Kelly has been with Yuma High for 35 years, the last six of which he has spent as Audiovisual director of the district. In the past he has taught math and P.E., coached varsity baseball, golf, JV basketball, and was athletic director for a year. He has received some job offers, but is unsure if he will accept any of them. He plans to spend his time playing golf and repairing his home.

"This Ones For All Of You!"

"This ones for you!" was this years homecoming theme. The week held many activities such as daily contests between the candidates, the traditional pep rally on the library lawn, and the game on Friday night. Yuma fell from victory to the Mesa Jackrabbits

Many dedicated students worked on their floats to produce the works of "this ones for you." The sophomore class of '85 swepted the victory for the float competition

At half time it was announced that the King and Queen for 1982-83 was Robert McFadden and Lali DeLaPena. Congratulations to both of you

Hayward McFadden returned to ride on the senior float

Attendance for the Junior class were Marcos Jones and Suzanna Orduno

The winning float at Homecoming was the Sophomore class. Attendants were Junior Atherton and Ani Injeian.

Freshman float was attended by Chris Olsen and Sylvia Barra

Robert And Lali For Royalty

Half time at the Yuma Homecoming game was an exciting moment for the ten finalist for the Yuma royalty. The time came and they announced that Robert McFadden and Lali De La Pena would be crowned for the year 1982-83 Robert's brother, Hayward McFadden returned to Yuma High to present the crown for the Yuma King. Robert presented the crown to Lali for the Queen. It was also announced that the class of 1985 won the float competition. All classes worked hard to produce the float that they thought would be the winning float. It was a close win for the sophomore class with the other floats looking their best

The Homecoming pep rally was held over on the Yuma County library lawn. The band marched through out the school and lead the parade of students and faculty over to the library. The Choloars performed for the student body and spirits were raised for the big game to be held in a couple of hours. The annual FFA BBQ was held before the game then the Yuma Football team went on to play Mesa and were defeated. The Homecoming dance followed the game

Lali smiled for joy after half time. Holding her flowers and Robert's crown so the game could get on to the second half

Yuma-Kofa Week Held Excitement

Mark Martin, David King, and John Hanks helped lead the cheers.

Linda Hernandez, Phyllis Clark, and Cheryl Derrick came as Punkers.

Rosie Jones and Missy Prince wrestled in pain.

Maria Martin showed real enthusiasm.

Pat Smith participated in the half time activities.

All our Crim fans showed lots of spirit.

Harry Bailey looks for the handshake to David Campbell

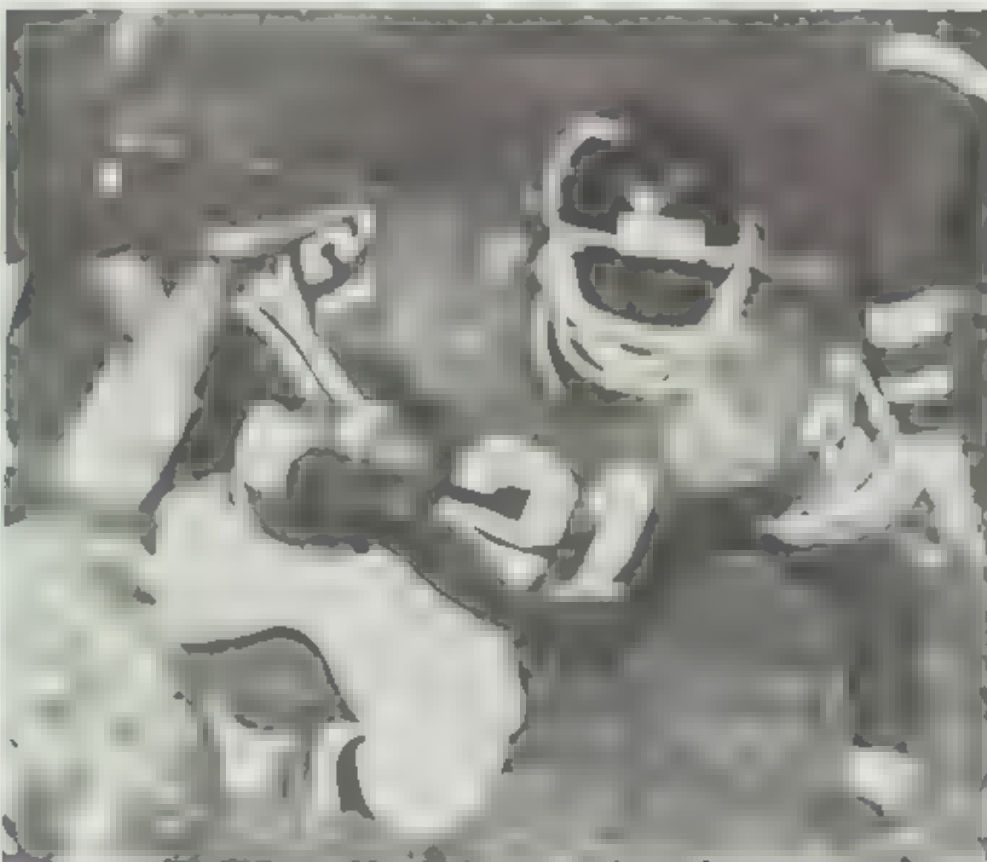

Yuma High's Yuma-Kofa Week was really an awesome sight this year. The week got started with Monday being Punk-Rocker Day. Tuesday was Hat N Boot Day. Dress down Kofa Day was Wednesday. Thursday we had no school, but Friday people still continued the spirit by dressing in Blue and White. Friday we also held a Pep Rally. Some of the events in it were: the First Jello Wrestling Match, also our Crm Football Team carried the traditional dead King in his coffin. Although we did lose the game, our Spirit was Terrific

This year the cheerleaders really enjoyed their one-week stay at the UCSD Campus in La Jolla, California. While they were there they won the superior trophy, three superior ribbons, two spirit sticks, three clean room awards, and a Decoration award.

The U.S.A. cheerleaders taught them performance cheers, sideline cheers and chants. They really learned a lot. The cheerleaders have become very close with each other and with other squads. After all their work was completed, they went down to the beach and had a blast.

This year the cheerleaders are ready and willing to cheer our YHS Criminals to victory.

Thermo Rises Through Another Year

The Thermometer is the official Yuma High newspaper. The Thermometer was once again sponsored by Neil Johnson, who returned after not sponsoring last year. His goal for this year was to sit behind his desk and do nothing, letting his students do all the work.

The motto of the Thermo is "Always Rising-Never Falling". This year's staff kept up the Thermo tradition, filling each edition with timely news, interesting features, thought-provoking editorials, and lively sports features.

Editor-in-Chief Lori Myrland

Thermo Sponsor Neil Johnson

Aida Brown, Shari Evans, Tim Chong, Stefanie Hartley, Debbie Heaton, Nellie Prest, Dianna Munley, Jeff Decker, Monique F. Riley, Jackie Ozuna, Gilbert Lopez, Lori Myrland, Barbara Sells, Ceci Torres, Tim Nead.

Editors Nellie Prest, Aida Brown, Sherri Evans, Jeff Decker, and Tim Chong read the latest edition

Staff Photographers Barbra Solis, Tom Nead, and Ceci Torres

Staff Writers Debbie Heaton, Dianna Manley, Stefanie Hartley, Monique Pauley, and Jackie Ozuna

The first step in producing the Thermometer is, of course, gathering the information to write the stories that will go into the paper. Editors and staff writers write the stories, which are then sent to the printers, where they are printed onto long strips of paper in columns. These strips are sent back to the editors, who cut the separate stories out and position them onto a large page exactly as they will go into each copy. These large pages are then sent back to the printers, who publishes 2,100 copies to be distributed at Yuma High.

A writer using the name "Ford Prefect" contributed several humorous articles to the Thermo editors, causing some confusion as to his identity. Ford Prefect turned out to be news editor Tim Chong.

Choralairs are a group of talented students performing for our school and around our community. This year they went to Phoenix and performed at the State Fair. The people really enjoyed their singing and the Choralairs enjoyed performing for them.

The Choralairs in the past years have performed at various benefits and they usually give free concerts for us. This is one of the best and exciting years for the Choralairs because they have Mr. McBride again. The Choralairs are really happy that he has come back. They need him and they look up to him. They are going to do anything they can to make Mr. McBride feel that he is needed by them cause they don't want to lose him again.

New Vica Club Into Furniture

VICA Cabinet and Furniture Making Club came about to provide students the opportunity to learn vocational skills, career opportunities and develop leadership abilities in the woodworking industry. The club also allows them the opportunity to study with students from around the state and country with similar vocational interests.

The club and class mass produced two products. Each product (a China cabinet and an oak ice-box beverage center) was made so it could be given away in a drawing. Proceeds from the drawing were used to pay expenses for club members to attend the state Skill Olympics, in Phoenix, in the late spring and they also attended the VICA Fall Leadership Convention in Tucson last October.

Nursing Assistants New At Yuma

This is the first year for the Nursing Assistant Program at Yuma High School. There are nursing assistant students throughout the United States and they are connected with Vica Clubs. Three seniors per day are selected to represent Yuma and Kofa at Yuma Regional Medical Center and Desert Manor Convalescent Center. There are a total of fourteen students in the class. Ten are from Yuma High and four are from Kofa.

Once a month the students go to the Mall and take blood pressures. The funds they raise go to the Vica Skills Olympics where they compete with nursing students from all over the state for scholarships. This is a two-semester course offered the senior year only.

Working Hard For A Winning Team

Do you want this ball or what?

Clank-bang Clank bang bang of the weights and sweat is something that the 1982 Yuma high football team experienced this past summer at Camp Pendleton in Oceanside, California.

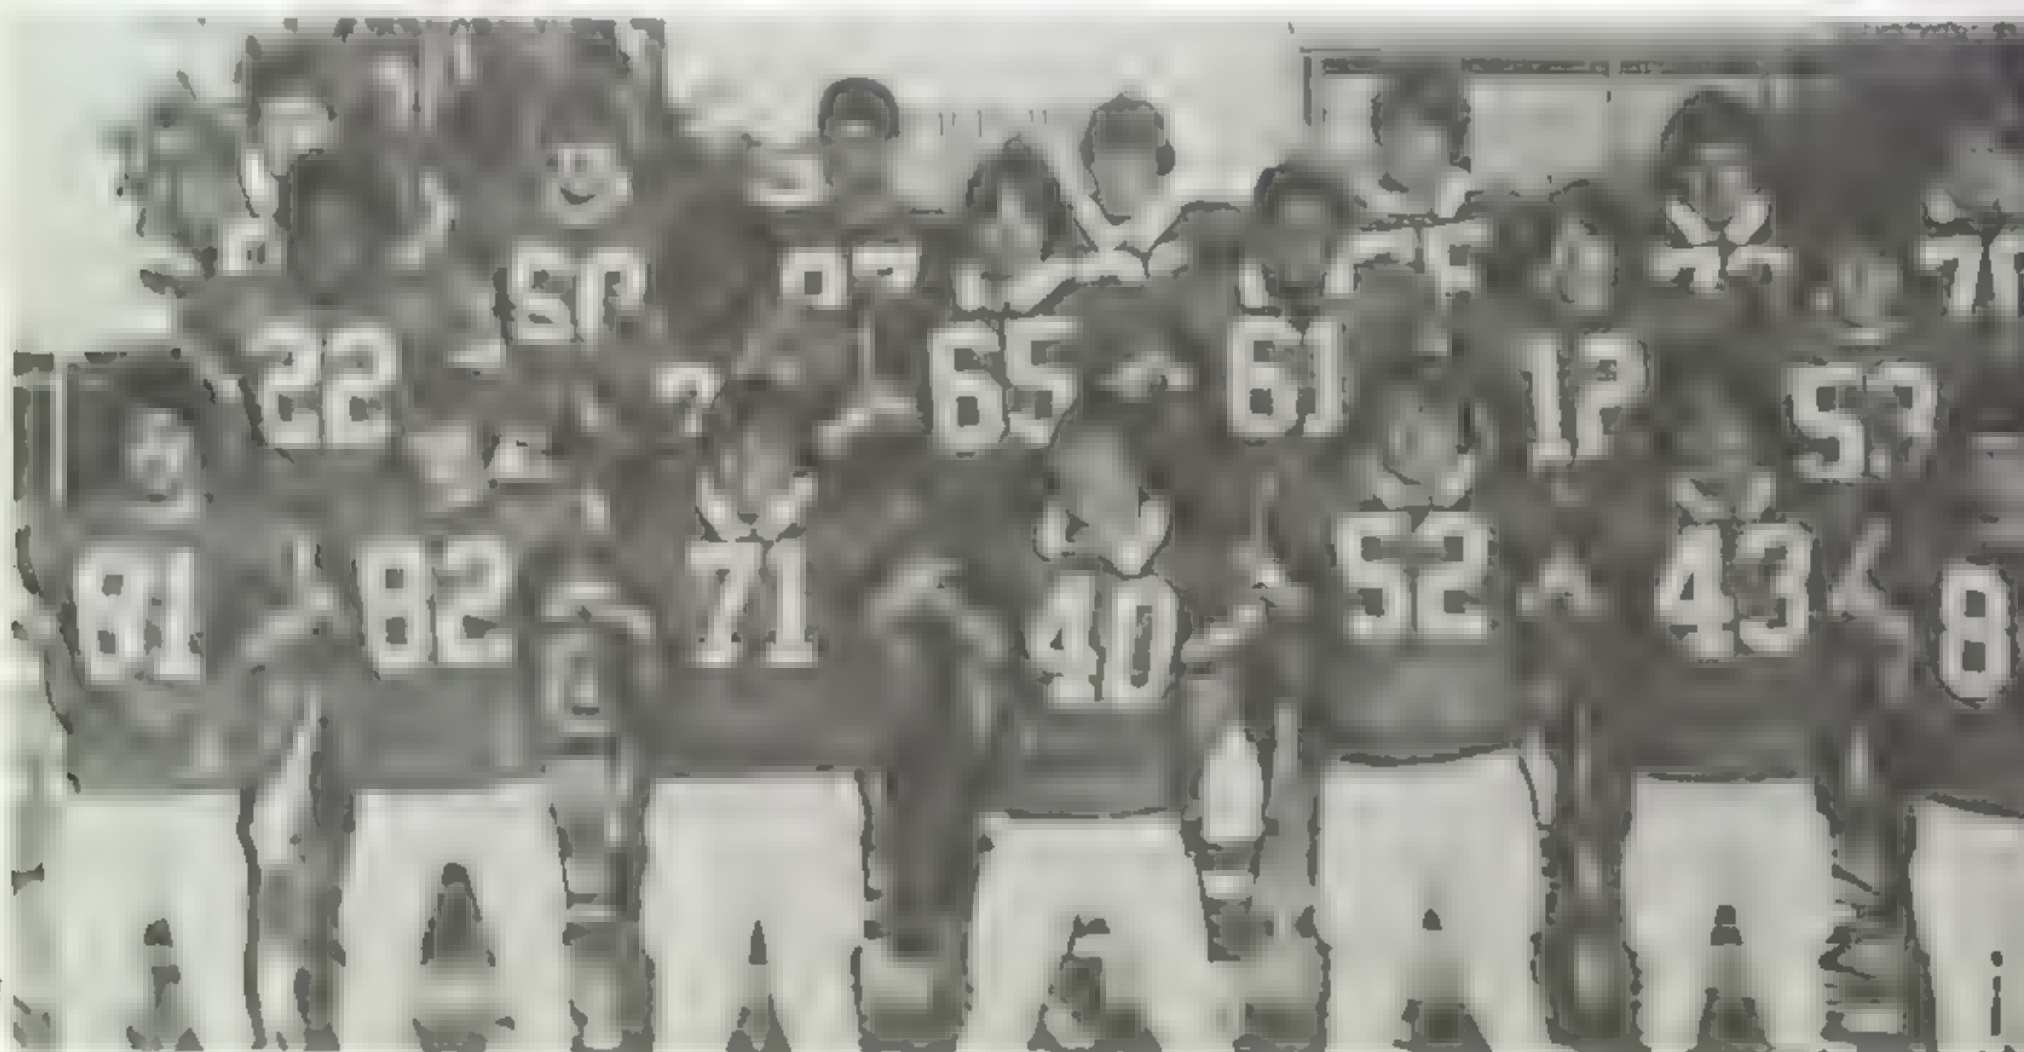

Any other year the football team has held their camp at school. This year they went to the Marine base working hard lifting weights, running in hopes of winning season.

Yuma won the first game with Robert McFadden's fake punt. The second game was a greatful win. The outlook of the season was a positive one, but after losing to South Mountain and Chandler, the team never recovered.

To the seniors that will be graduating, it was a hard year, to the sophomore and juniors coming up, GOOD LUCK!

Being a step away from varsity, the jayvee team had a great year. All their hard work and effort helped them achieve an overall good season. They had a three win, one tie season.

Head Coach Roper made sure the players were in shape and on the ball at all times. This is one good reason that they did so well.

Highlighting their season was their victory over Kofa which set a "high" in all the players' minds for a winning season next year on varsity.

What a time for pushups

Varsity Volleyball Is Awesome!

Yuma High's 1983 varsity volleyball team had a very good season. This year they were defeated in three games of the season. But these few losses did not prevent this "interstate" team from going to divisionals and state in which they placed second. The record of the conference season was (9-3) and their overall record was (12-5).

A banquet was held in honor of these players on November 30 in the cafeteria. All players received recognition for their "awesome" SKILLS, but as usual "seniority rules" so we will recognize those who have left a mark on Yuma High's athletic records

The seniors are as follows: Maurine Evans received an award for Most Valuable Player, she is well known for her easy going and spunky attitude, but also for her kills, spikes and accurate serving on the court. Beth Shadle also received an award, and this was for Most Inspirational and was considered a very special award, because she was injured. But when team practices took place Beth was there to lend a helping hand, give a few pointers or just listen.

Another "Awesome" Crim is Traci Mattox, her front row skills also showed off her serving and spiking. Last but not least of the seniors is Beth Peterson, she was the best of server on the team. Which means most of her serves were right where she wanted them to go.

The 1982 Junior Varsity Volleyball team had what one might call, a very balanced season. Their conference record consisted of six wins and six losses. The players realized that their ability to work together as a team, was essential if they were to have a victorious season.

The squad practiced not only after school, but before school as well. Morning practices got underway at 6:45. Those who were late ran an additional fifteen laps around the gym. The J.V.'s were the only team to practice twice daily.

They suffered a very disappointing loss to Kofa, however, they wound up their long and hard season with a win!

An awards banquet to honor the Freshmen, J.V. and Varsity was held November 30, at 6:00, in the cafeteria. Some of the awards were voted on by the team members. Some were given based on statistics. The Junior Varsity team results were as follows: the most improved award went to Thomasina Montana. Alma Guzman received the Sparkplug award for being the team leader on and off of the court. Olivia James received the most points served award, with a total of fifty-five points. The recipient of the best and most consistent net player award was Sherry Graham. And the best back row player award went to Karen Nickerson.

Freshmen Learn The Basics Well

Dawna Bradford (53) and Randy Praeger get ready to receive Ione Redding's bump.

Team members on and off of the court watch in anticipation to see where Randy Praeger's set will go.

A team with a lot to smile about, members included: Dawna Bradford, Anna Contreras, Rebecca Erling, Isabelle Figueroa, Christine Garcia, Dana Howry, Sylvia Ibarra, Rethema Lagow, Carol Koenig, Amy McQuinn, Randy Praeger, Susan Provenzano, Ione Redding and Coach Logan.

This year's Freshmen Volleyball team did an outstanding job! Their season record was better than either the Varsity's or the J.V.'s record. They were virtually undefeated except for a marginable loss to San Pasqui's Junior Varsity team. The team was coached by Peggy Logan, and as a result of everyone working together, they had a most successful season. Almost everyone on the team showed exceptional ability in their serving skills.

The Freshmen team helped the J.V. and the Varsity sell programs at all of this year's home varsity football games.

The results of this year's awards banquet were as follows: Team Captain-Sylvia Ibarra, Most Improved-Anna Contreras, Most Valuable-Randy Praeger.

Tankers Own AAA Division Crown

The gal swimmers were most successful this year, taking the Central Division title and going on to finish in the number two spot in the State

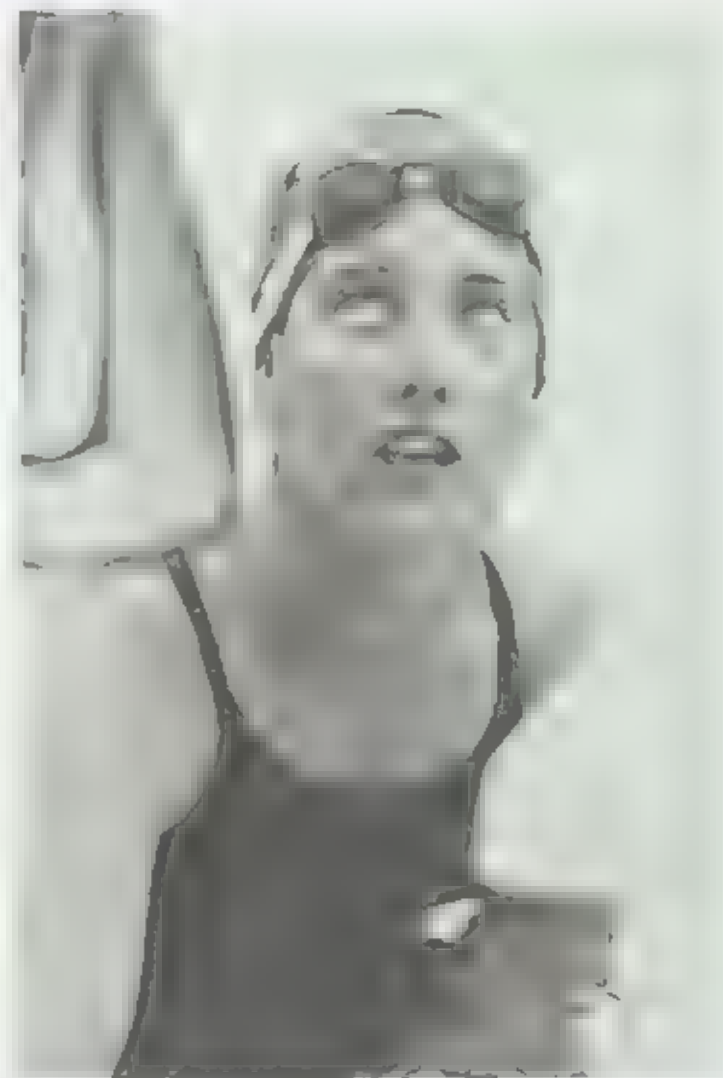

Coach Seaquist had lots of praise for the team. "They really work hard," he said many times during their undefeated dual-meet season. Much of the credit also goes to Coach Seaquist

Outstanding individual performances were turned in by Tanya Howe, Christi Wunderlich, Tracy Elias, Lauri Gauna and Jill Holland

The girls golf team had a very good year for a total team improvement. At the start of the season the team total was 398 and at the end the total was 319, this would probably be the most improved team in the state.

As for the individuals on the team, the outstanding golfer was Christine Flores. The team was coached by Mr. Pancrazi.

Yuma Cagers Show-Improvement

This year's varsity basketball team had a new coach, Roger Thomas, a former college basketball coach from Iowa. Coach Thomas was assisted by Duane Evans, a former student from Yuma High School.

The Crims were a much improved team over a year ago. All aspects of the team's play showed signs of good things to come for basketball here at Yuma High. Seven seniors were part of the 1st non-losing season in several years at Yuma High. The 11-11 season record included a 4-8 record in the Central Division. The Crims received a 3rd place finish in the El Centro Christmas Tourney.

The coaching staff is really looking forward to next season, since all shortcomings of this year's squad are correctible mistakes.

Our soccer team this year has done a great job. The team consisted of 22 players. They come from the freshman to senior classes

We only have a varsity team this year. Soccer is not a very well known sport, but it is becoming better known. The team has a great sportsmanship attitude. You have to cooperate between each team member and be at the right place at the right time to score

You can tell our team has sportsmanship and that they worked together by their team winnings, 4 wins out of 9 games!

COE Trains Students For Careers

COE is a class offered to students wishing to work in a business field. In this class you will learn office skills that you as an employee might be responsible for in a future job. Once the teacher feels that you are ready to work for a business firm here in town, the teacher finds a job for you that suits your skill. You not only get credit for the class but you also receive on the job training. This year's sponsor is Mrs. Brown.

VOE is the sister club of FBLA. The main function is to prepare students for their futures in the business world. It helps students understand the function of office and business enterprises. It also helps to learn an employable skill, which in the future could become a career. This year the club has sold candy bars and they are holding a skill olympics with FBLA. This year the sponsors are Mrs. McBride and Dr. Sorensen.

Now, Feast Your Eyes On FEAST!

Feast is a club for juniors and seniors. In this club they learn how to cook and get basic training in the restaurant business.

This year the club is sponsored by Miss Marilyn Levin. Miss Levin came to Arizona from New York. She went to ASU for three months and to NAU for three years. In 1981 she came to Yuma to teach at Kofa for five months. She has worked at summer camps every summer since her high school days. From there she came to sponsor Feast here at Yuma High. She feels that students here are very proud of their school.

Vica Is At It Again

The shield represents patriotism. The torch represents knowledge. The orbital circles represent technology. The gears represent the industrial society. The hands represent youth. Red and white represent the individual states and clubs. Blue represents the common union of the states and clubs. Gold represents the individual, the most important element of the organization.

VICA is an organization that believes in the growth and total development of the vocational student. VICA works to assist a student in career development by having Skill Olympics, community service projects and professional training. Some of VICA's purposes are to develop leadership, create enthusiasm for learning and provide high standards in trade ethics, workmanship, scholarship and safety. Together these purposes give direction for the success of each individual. "Preparing for leadership in the world of work."

Mr. Lou Melkowsky is the coordinator. He also teaches the class I.C.E. which is related to on-the-job training. In this class the students learn about attitudes, money handling and achieving all goals. School Board Makes It Happen

*Superintendent

*Chairman of Board
Mr. Steven Shadle*

Yuma School Board plays an important part of what goes on, here at Yuma High. The school board establishes policy and gives direction to the school

Some of the goals and objectives for this years school board, is to revise the remainder of District policies, and also to develop a District administrative in service training program. Yumas School Board meets twice a month

Yuma School Board: Dr. Robert Connell, Edwin Hansberger, Jr., Mrs. Patricia Holland, Mrs. Maureen Jeegan, Mr. Steven Shadle

You've Done Well, Dr. Slinker

This year we have a new principal, Dr. Richard Slinker. He spent 33 years in New Mexico before he and his wife moved to Arizona to make new friends here. They chose Yuma because they didn't want to leave the Southwest. Dr. Slinker is quite pleased with the behavior of the students and would like to get better acquainted with them.

The main goal he would like to see the students achieve is to be able to do something in life for themselves, not for anybody else. He would also like to have each individual recognize how important they are in life. Dr. Slinker has great faith in people, and we have faith in him!

Dr. Richard Slinker

Mrs. Gard, Dr. Slinker's secretary, has done a great job of helping him with appointments and office duties.

Vice Principal And Registrar

Mr. Leonard

Mr. Leonard is in charge of feeding information into the computers. He had a little trouble getting prepared, but with a few adjustments everything started running smoothly. Mrs. White is a very helpful person. She and Mr. Leonard work together in working with the computer.

Mrs. Ochoa's title is clerk typist. You can find her in the registrars' office. She does various jobs concerning mainly with student attendance. She keeps track of students excused and unexcused absences. She is also in charge of student referrals.

A NEW CONCEPT IN OFFICE SYSTEMS

Career Guidance counselor is Mrs. Weston

Mrs. White is the one lady who is most familiar with our new computer. It keeps records of all the students, their grades, class schedules, and just about every other thing that used to take a while to do, but now only in a few seconds

Mrs. Sonoqui is also one of the staff who can operate the computer, too. Together she and Mrs. White got the new "student" broken in pretty well!

The counselors at Yuma High are always helping with school and personal problems, such as a schedule change or about the future plans. The counselors are Alan Eddy, Maggie Cabrera, Warren Conrad, (director) Nettie Anderson, and their helpful secretary Betty Dunn. Mrs. Dunn helps the counselors and students by making appointments and writing out passes

Mr. Warren Conrad

Mr. Warren Conrad is our head counselor, and after 34 great years at Yuma High he is going to retire, playing golf and just enjoying life. When Mr. Conrad first came to Yuma High, he was an English and speech teacher, and the drama director. In 1960, he served as a counselor, and in 1964, he served as a teacher and a guidance counselor. In 1965, he became a full-time counselor. For two years Mr. Conrad was assistant principal and a disciplinarian for one year

While at Yuma High, Mr. Conrad has thoroughly enjoyed watching kids grow and develop scholastically. If asked for final words from him, he would answer, "There are so many good things to say, it would take weeks!"

Teachers Aides are very helpful to teachers and students during the school year. Teachers are greatful to have the aides to help them grade papers and to help the students when they are busy

Aides also help out with the many departments on campus. They give extra individual help especially in the remedial areas

Raymond Sanchez also helps with AFS

Helping Is What They Do Best.

Library

The librarians have a busy job this year. Librarians, Phyllis Turner, Billie Cothrun, and Linda Collins help you find information for reports term papers, etc. They take care of all books and magazines coming in and going out of the library. Library hours are from 7:30 a.m. to 3:30 p.m. daily.

Nurses

Yuma High Nurses are ready to come to your aid if you need it. They aid in giving physicals for school sports. This year there is a \$5.00 fee for physicals. When invited the nurses will come to your class and give presentations on health and fitness. They are also famous for their freshman screening

BOOKSTORE

The Yuma High Bookstore carries all of the needed supplies for those students attending Yuma High. The busiest time for the bookstore is at the beginning of the new school year and at the end of the year. They get your books ready at the beginning of the year and buy them back at the end of the year. Mrs. Bradford is the student accounts bookkeeper. Mrs. Talamantez works in the bookstore during school hours and is the manager. We should be very proud of their work they do for us.

AUDIO VISUAL

Audio Visual helps teachers with films, cassettes, projectors, etc. Mr. Kelly is the coordinator and Ms. Fosse is his assistant. They make sure everything is in working order. They also help teachers and students learn how to work all of the Audio Visual equipment. Mr. Kelly also has students work as visual aids.

Assistance In Many Ways

Mrs. Tensy Delintt is our switchboard operator

Mr. Harold Neece is our athletic equipment manager

Mrs. Yolanda Soroqui operates the computer

Ms. Elze Choate is our duplication coordinator

Cafeteria Staff Is "Cookin'!"

The cafeteria staff at Yuma High works very hard ordering and preparing meals for the students and faculty. They start working before sunrise, cooking and doing the menu planning and they don't finish until lunch is over. Then they start their cleanup. Those women work extra hard to give us a good lunch. Next time you cook, try this recipe

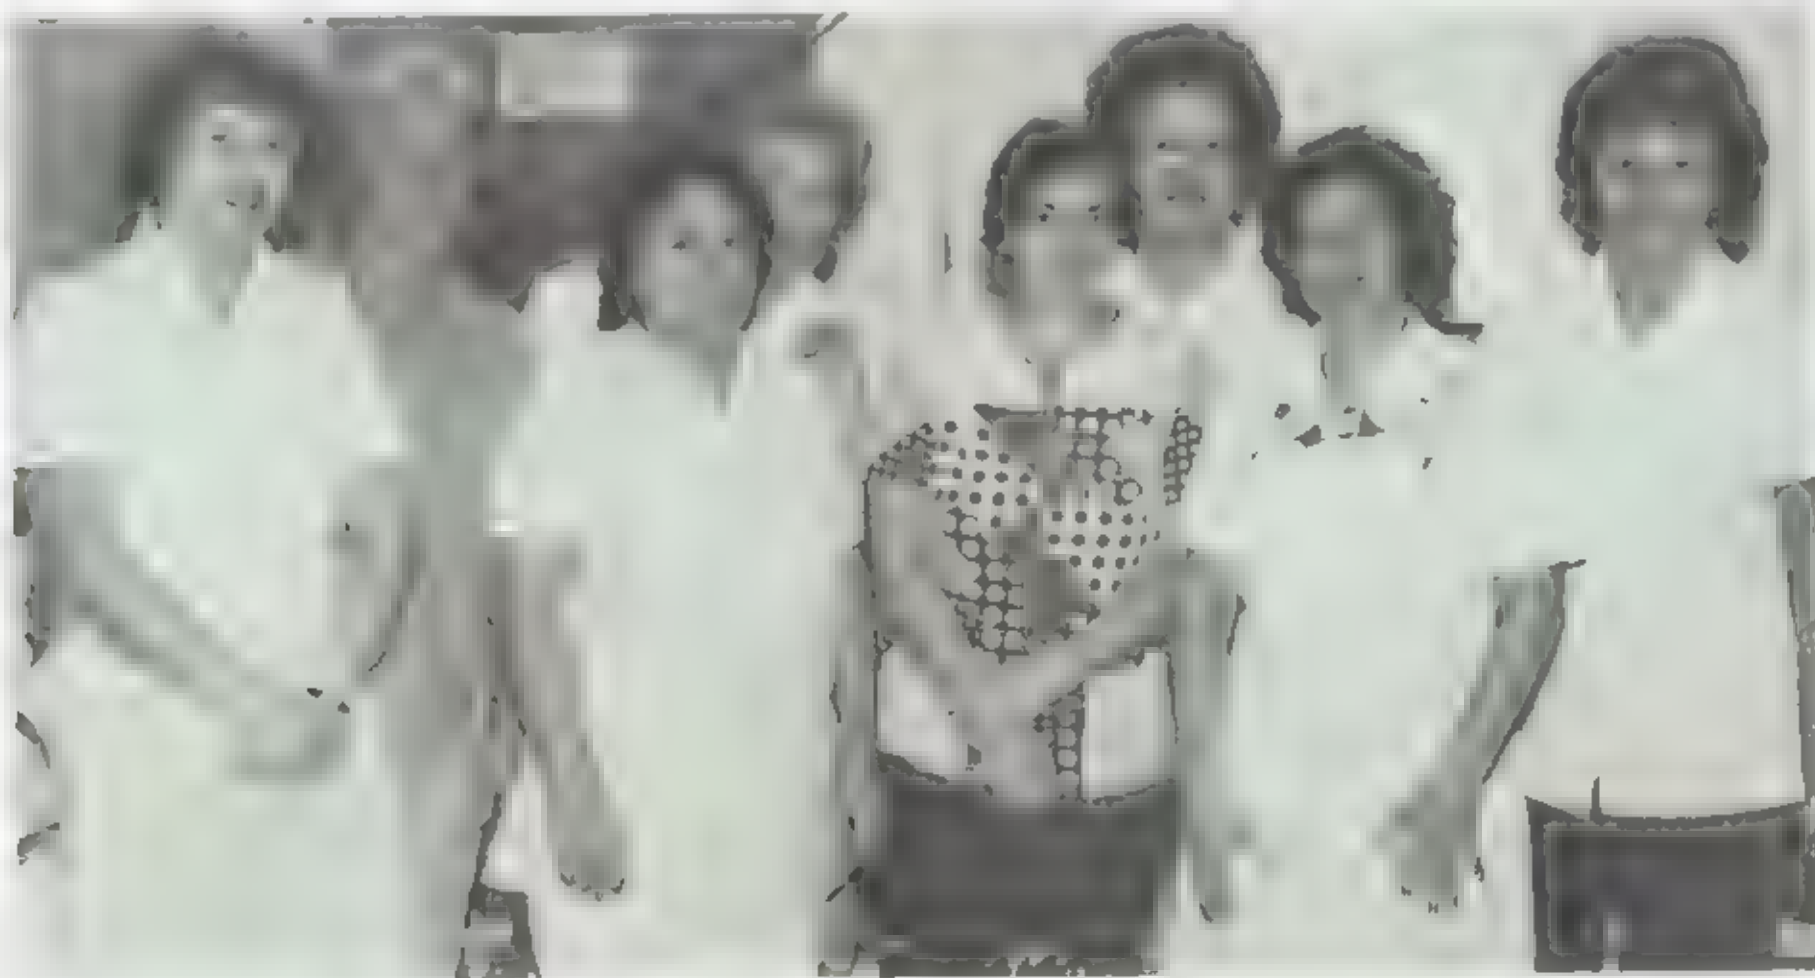

Brownies

16 # butter
48 cups sugar
2 cups dry eggs
24 cups sugar
7 lbs Wonderfood Chocolate
48 cups flour
2 2/3 cups vanilla
2 teaspoons salt

This is what Mrs. Kelly needs to produce 400 brownies

Custodians Clean Up Yuma High

Our school would be lost without its maintenance and custodians. They keep our school neat and clean. They also do repairs and keep up the school grounds. The maintenance aren't pictured because of camera shyness. Maybe next year they won't be so shy and will be photographed.

Security Keeps Everyone In Line

Security plays a very important part, here on our campus of Yuma High. These people are always on the job, keeping things in line. They always make sure that nothing gets out of control. This years security staff consisted of Barbara Sullivan Evelyn Shipley, and Ron Vogt

Bus Drivers Keep Us On The Go

The Yuma High bus drivers have the task of taking us to and from school. They have a very strict sort of attitude of keeping the students in line while on the bus and also of keeping the noise down to a dull roar for reasons of having their eardrums blown out. We never really recognize them, but they're really important and they do a very excellent job! Thanks ya'll!
